## 'TIS THE SEASON!

Our Christmas season at Walt Disney World officially begins tonight with our annual **Christmas Tree Lighting** at Walt Disney World Village. This ceremony will be held tonight and again tomorrow night at **7:30 pm** and will feature Mickey Mouse and our Dickens Carol.

Our Walt Disney World Village at Lake Buena Vista will also be the sight for one of the most impressive Christmas presentations you'll ever see . . . **The Glory and Pageantry of Christmas**. This special live presentation is the story of Christ's birth in the town of Bethlehem. The Glory and Pageantry of Christmas will be presented at **7 pm** and **8:30 pm** each evening from **December 15th through December 24th**.

Special events will also be held in our Magic Kingdom during this holiday season. Beginning **December 16th through January 1st**, our annual **Very Merry Christmas Parade** featuring our Disney characters and Santa Claus himself will be held at **2 pm** and **9 pm**. On Christmas Eve and New Year's Eve the parade will be held at **2 pm** only.

A very special highlight of this Christmas season is our **Candlelight Processional** featuring our Disney cast choir and thousands of high school carolers. This solemn presentation will be held on **Saturday, December 16th and Sunday, December 17th at 7 pm**. Our Special guest, **Ross Martin**, will read the Christmas story during the ceremony.

We hope everyone has a very joyous Christmas season here at Walt Disney World!

## CASUAL TEMPORARY POSITIONS AVAILABLE

Our Casting Department has informed us that several Casual Temporary positions currently exist for our Christmas season. Some of the positions that are currently available include:

- Cash Control Teller

If you have family members or friends that would be interested in joining our Disney family for the Christmas season, please send them to our Casting Office. The Casting Department will be interviewing and hiring Casual Temporary cast members **Monday through Friday from 9 am to 6 pm and Saturdays from 9 am to 4 pm** from now through December 9th.

### HOLIDAY MAILING TIPS

Are you interested in saving some money when you mail your Christmas cards this season? Why not send Christmas postcards! Regular sized postcards can be mailed for just 10¢ each, compared with 15¢ each for letters and large postcards. If you send Christmas postcards you'll save one third the cost of Christmas card mailings!

If you're sending international mail you might want to consider sending areograms which cost 22¢ each as opposed to letters which cost 31¢.

And don't forget, our Mail Room will be happy to answer any postal questions you may have this season, or all year for that matter! But mail early to avoid the rush!

### SAFE DRIVING IS YOUR RESPONSIBILITY!

Most of us take our driving habits for granted . . . we really don't pay too much attention to the rules of the road once we've passed our driver's test. With the holiday season already upon us, it's a good time to try to remember some of the most important rules:

- Keep your headlights on during rain or fog as well as during the evening hours. A high percentage of accidents happen during dawn and dusk when visibility is poor.
- Use your turn signals when you change lanes as well as when you

*This was an employee accident. Drive safely and don't be the next statistic!*

are making a turn . . . the other driver can't read your mind.

- Never pass on a curve or when there is a double yellow line on the road.

Last week alone there were eight accidents at Walt Disney World involving cast members. Please watch how you drive so that you won't be another statistic!

### HOLIDAY HOUSING NEEDED

Cast Activities needs your help in offering temporary housing during our holiday season. Many Casual Temporary cast members will be working with us between **December 10 and December 31** and will need rooms to rent. This is a great opportunity to earn a little extra money by renting that extra bedroom or sharing your apartment.

Please call or stop by Cast Activities to fill out a housing form today!

### SAFETY REGULATIONS FOR HOLIDAY DECORATIONS AT WALT DISNEY WORLD

Our Loss Prevention Department requests your cooperation in selecting and using only Walt Disney World approved fire-safe decorations during the upcoming Christmas holidays.

Our standards, as they apply to decorative materials used throughout Walt Disney World, are as follows:

- Only **flame retardant** or **non-combustible** decorations may be used.

- Live Christmas trees are prohibited unless the tree is growing with its roots in a portable container.
- Live decorations (center pieces and table displays) must be kept **moist**. If they become dry and easily ignitable, they must be removed immediately.
- String lights or any other electrical wiring should not be placed on aluminum or metal trees. **Flood lights** or **colored wheels** reflecting on the tree should be used instead. Remember . . . all lighting and other Christmas decorations which are electrically powered must have U.L. approval.

Please contact the **Loss Prevention Department** at extension **4768** if you have any questions regarding holiday decorations used at Walt Disney World.

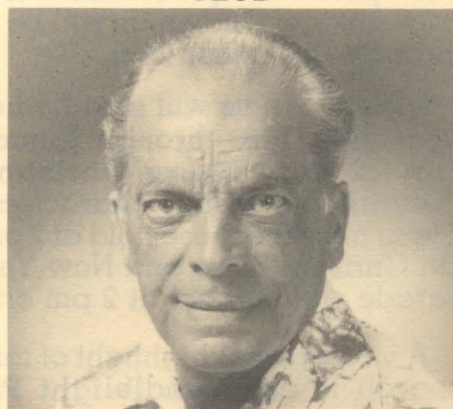

### COMMUNITY SPOTLIGHT

Let your talent shine . . . be a star!

The **Cerebral Palsy Telethon** "Catch a Rising Star" will be held **January 27 and 28** at the Winter Park Mall. This telethon, televised on Channel 6, will feature our local talent.

Ninety acts are needed to perform throughout the telethon. Auditions will be held on Saturday, December 9 and Sunday, December 10 at Edgewater High School. Contact Nadine Zigler at 841-7491 and be a star!

### MICKEY'S GOLDEN EARS CLUB

The newest member of Mickey's Golden Ears Club is **Heinrich Kreibich** of our Hotel Maintenance Department at our Contemporary Resort Hotel. Originally from

## IT'S YOUR WORLD!

*Many of our cast members are enjoying the newly rehabbed Cast Cove at our Polynesian Village Hotel while they take lunches and breaks. Remember it's everyone's job to keep our newly rehabbed areas in the best condition possible!*

Our 1978 United Way Campaign was a tremendous success thanks to the efforts of our United Way Campaign coordinators and the support of our Walt Disney World cast members who pledged over \$241,000 towards a total community pledge of \$2,795,068. **Tom Eastman**, Director of the Disney University presented our coordinators with awards for their areas this week. **Lynn Restrepo** received an award for the most improved area for Food Administration, **Mary Johnson** of Reedy Creek Improvement District received a plaque for Outstanding Participation in her area, **Steve Wade** of Reedy Creek Utility Company received an award for most improved area, and **Debby Zutter** of Merchandise received the award for the highest percentage of Fair Share pledges. Congratulations to all our coordinators and cast members for their part in supporting the United Way!

# "It Takes People"

Last month's announcement by **Card Walker**, President and Chief Executive Officer of Walt Disney Productions concerning the construction and opening date for EPCOT Center has resulted in a few changes here at Walt Disney World. **Bill Sullivan** was named Director of Project Development for EPCOT Center and **Bill Hoelscher** has moved from Resorts to take Sully's place as Director of Operations. **Keith Kambak** has been named our new Director of Resorts. In addition to those changes, a new position has been created at Buena Vista Construction and **Bill Moss** has been named Director for that area of our Company.

We thought you'd like to get to know our two newest Directors, Keith Kambak and Bill Moss.

**Keith Kambak**

A lot of our Company executives started as Casual Temporary cast members, and the same is true of **Keith Kambak**. Originally from Aberdeen, South Dakota, Keith moved to the Anaheim area with his family when he was only seventeen. After graduating from Magnolia High School Keith joined our cast as a CT Custodial host at Disneyland. When the summer was over Keith began studying at Cal State at Fullerton, majoring in physical education and minoring in biology. He returned for Christmas and spent the holidays pushing the "honey bucket" on Main Street. The next summer Keith changed his status to CR and transferred to Fantasyland Operations so that he could join their softball team! He was quickly moved to the Jungle Cruise and spent the next few vacations touring the rivers. When he received his Bachelor of Science in physical education, Keith was promoted to Assistant Supervisor in Operations. As the plans for Walt Disney World began to develop, Keith found himself planning various recreational facilities for us and eventually began developing our Fort Wilderness Campground. During this time, Keith was also working on his Master of Science degree in Recreation at Cal State and later at Rollins College. In June of 1971, Keith moved to his temporary home in Orlando . . . a trailer at Fort Wilderness. He stayed there through opening, finally moving to a permanent home after the campground opened in November. Keith was then a full Supervisor at our Campground, which was then part of our Recreation Department. After the Recreation Department was dissolved and the campground became part of our Resort Division, Keith was promoted to Manager of Fort Wilderness, and later to General Manager. Last month he became our Director of Resorts and is now spending his time working with the food and hotel service aspects of Resorts, planning to master them as well as he did recreational areas!

While Keith has always kept active at work, he also keeps active away from work. Sports are still an important part of his life, and softball is probably his favorite. He also enjoys woodworking and has built most of the furniture in his home. And lest we forget, Keith loves to camp! When he's not busy with all his other activities, Keith just likes to relax with his wife and son!

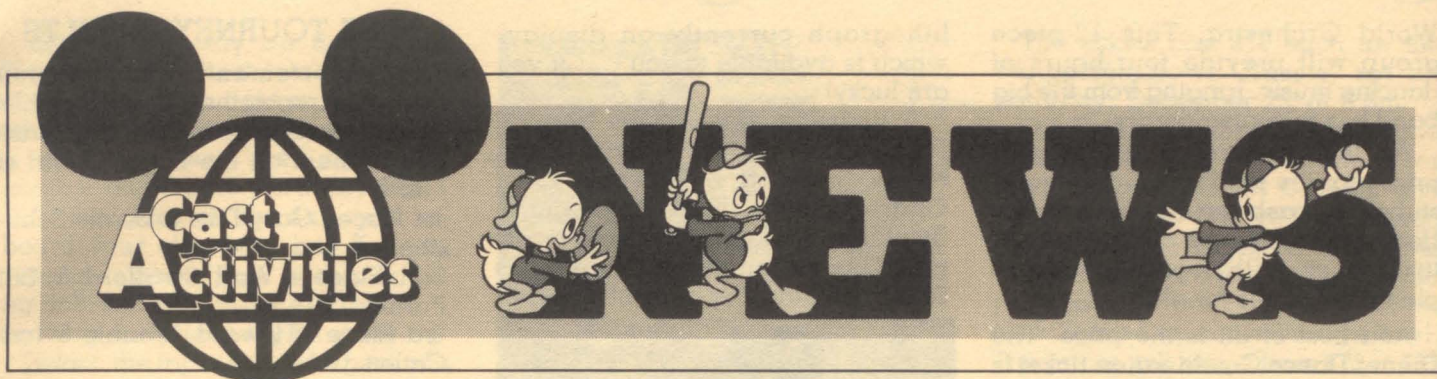

**Bill Moss**

With the opening of EPCOT Center hardly four years away, our new Director of Buena Vista Construction, **Bill Moss**, will be keeping very busy. Not only will this department handle the construction of EPCOT Center, but they are also embarking on the expansion of our Magic Kingdom with the construction of Big Thunder Mountain Railroad. A native Floridian born in Tampa and raised in Miami, Bill didn't travel too far to attend college. He went as far north as Gainesville where he received a Bachelor of Civil Engineering and a Master of Engineering. After graduation he came to Orlando to work with a friend in a consulting company, which lasted about four years. Bill heard about Walt Disney World while he was working with a trade association, and when he received an invitation to interview for a position with us, he decided to give us a try. The first two years were spent helping build the Magic Kingdom as a Field Engineer working in quality control. After the park opened Bill was promoted to Manager of Structural Engineering and Project Engineering until Space Mountain got off the drawing boards. When construction was ready to begin on the mountain, Bill was assigned as Project Manager. Opening went well and Bill found himself promoted to Manager of Engineering and Construction in January of 1975. Last month he was promoted to Director. Oh yes, Bill's nine year anniversary with Walt Disney World happens to be today!

Bill's also very active away from work and belong to numerous professional engineering organizations. His hobbies include golf and woodworking. Bill's even tried his hand at making his own furniture, although he admits he hasn't made much. He and his family have just settled into their new home, which has taken most of his free time. His future plans? Just to keep all our present projects on schedule with the help of all our other divisions!
